Information Manager

Paul Cantrill, BSc, MIInfSci

Rapra Abstracts provides comprehensive coverage of the world's polymer literature selected from a wide range of international publications, including over 400 periodicals, conference proceedings, books, trade and technical literature, standards, patents, and government publications.

Each month approximately 2000 new abstracts are added to the database which is maintained as a computer-held file dating back to 1972. In addition to the *Rapra Abstracts* journal a variety of other services are available including:
Rapra Extracts: a fortnightly print-out of abstracts based on your personal requirements.
On-line Searches: either using your own terminal through Pergamon Orbit InfoLine, or for those unable to implement their own searches the Rapra Search Service will undertake searches on your behalf.
Magnetic Tape Leasing: available for in-house production of information services.
Further information on these services is available from Rapra or Pergamon Press plc.

Rapra Abstracts is compiled and edited by Rapra Technology Limited and distributed by Pergamon Press plc.
Rapra Abstracts is published monthly with an annual index.

Librarians, save money on new subscriptions, join our Profile Plan

Pergamon Press is keeping pace with the current explosion in information technology through the continuation of our Selective Order Profile Plan.
Pergamon recognises the need for libraries to monitor developments in various disciplines and has developed the Profile Plan to keep you informed about new and existing journals in your area(s) of interest.

SELECT ORDER PROFILE PLAN

We will provide a **'customised'** list of all Pergamon journals that are within your specific area(s) of interest. From this list, you can select sample copies of any journals which you or your colleagues would like to review. Your library will automatically receive the first issue of any new journals that are published in the subjects you select.

Profile Plan participants will receive:

- **25% discount** on new one year subscriptions
- **30% discount** on new two-year subscriptions
- **25% discount** on microform orders
- **50% discount** on back issues when ordered with a current subscription
- A copy of the **PERGAMON JOURNALS BULLETIN** each month
- A one year complimentary subscription to one of the following:

INFORMATION PROCESSING AND MANAGEMENT
LIBRARY ACQUISITIONS, PRACTICE AND THEORY
GOVERNMENT PUBLICATIONS REVIEW
EVALUATION AND PROGRAM PLANNING
JOURNAL OF SCIENTIFIC EXPLORATION

Terms for **SELECTIVE ORDER PROFILE PLAN**
Participating libraries receive the appropriate discount on new titles ordered. Profile Plan orders may be amended at any time and may be cancelled by either party with written notice.

BACK ISSUES OF

PERGAMON INTERNATIONAL RESEARCH JOURNALS

Back issues of Pergamon journals are available in hard copy. New subscribers to a journal may purchase back issues of that publication in hard copy edition at 25% discount on the standard price. Stocks of back issues are maintained at all of Pergamon's numerous worldwide offices and orders may be placed with confidence at the location most convenient to you. Should any issue of a volume be temporarily out of stock at the time of ordering, a high quality photoduplicated copy will be supplied at no extra charge to complete your order.

SAVE UP TO 25% BY PURCHASING COMPLETE SETS

Customers wishing to purchase complete sets can do so at a saving of 25% less than the individual volume price.

MICROFORM EDITIONS

Back issues in microform of Pergamon research journals are also available.

BACK ISSUES PRICE LIST

Full details of the rates of back issues of all Pergamon journals can be found in our Back Issues Price List. Please contact your nearest Pergamon office for a copy.

WE CAN GET ACQUAINTED IN

ONLY MINUTES

There's never been a better time to get acquainted with ORBIT. Because now ORBIT Search Service offers Quick Start, an innovative program designed to turn the new ORBIT user into an experienced searcher in only 30 minutes. Quick Start provides you with these important advantages:

- 30 minutes of FREE online practice search time*
- Easy-to-follow, nine step training manual
- Brief descriptions of the search terminology

As an ORBIT user, you'll quickly and cost-effectively obtain vital information from a host of exclusive databases covering areas such as chemistry, energy, materials, health & safety, patents and more.

Get acquainted with ORBIT. Call or write us today.

** Time limited offer. Certain restrictions apply.*
